The capabilities of effective elected members

Being an effective elected member can be a challenging experience, it requires balancing competing demands for your time and exercising your judgement about what is important. It also requires being able to work well with other people from a wide range of backgrounds and using a broad range of skills and competencies. The following skills and knowledge are important for becoming an effective elected member:

Quality decision-making

- Making decisions based on kaimahi (staff) advice, community views, wisdom, experience, and informed judgement.
- Being financially prudent and having an eye for risk.

Strategic thinking

- Understanding the district, city or region's priorities and how they relate to national and international developments.

Political and policy acumen

- Understanding the political environment and the respective roles of governors and management.
- Getting to the bottom of issues and being able to assess the pros and cons of different options.

Leadership

- Providing direction and making things happen to achieve the council's vision and outcomes with an emphasis on strategic priorities.

Cultural awareness

- Understanding tikanga Māori and the council's responsibilities under the Treaty of Waitangi.
- Bringing an open-mind to decision-making.
- Understanding how local government impacts on different peoples and cultures.

Knowledge of local government

- Understanding the role of the council and its financial language, budgets and processes.
- Understanding and complying with relevant legislation.

Communication and engagement

- Representing and promoting the council in a measured, unified and dignified light and avoiding risks to council's reputation.
- Working effectively with the media, as appropriate.

Relationship building and teamwork

- Building productive and supportive relationships with the community, councillors, and external organisations to create and deliver the council's vision and outcomes.

Behaviours

- Understanding and modeling the council's values and behaviours and discouraging unethical behaviour.
- Working respectfully with council kaimahi (staff) and others, and valuing their roles.

Integrity and trust

- Taking ownership and responsibility for actions and not misrepresenting him/herself or others for personal gain.

As an elected member what will I be doing?

Elected members have two broad roles; a representative role and a governance role. The amount of time spent on each will vary depending upon the particular elected position. Mayors and councillors will spend a large part of their time on governance matters, as they have the overall responsibility for the performance of the council organisation.

Community board members will spend more of their time on representation matters and less on governance, although this will depend upon each board's delegations.

In short, your task is to provide good governance informed by the views of your community.

Good governance balances short-term and long-term responsibilities, the stewardship of the organisation, as well as the knowledge of external opportunities and challenges.

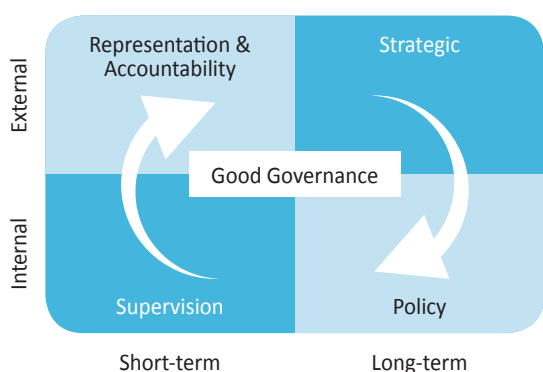

Exercising your governance role

Mayors and councillors, in particular, will be concerned with the overall performance of the council organisation; the degree to which it meets its statutory obligations, fulfils community expectations and looks after its assets. The role includes:

- planning and policy making;
- making decisions on the allocation of resources;
- ensuring council is fulfilling its regulatory functions in an appropriate manner;
- adopting a Long Term Plan that sets out how you will meet community expectations and exercise responsible stewardship of the community's assets;
- overseeing the strategic direction of the district, city or region; and
- reviewing the council's performance.

A critical responsibility is to provide good governance. This is summarised in the graphic below prepared by the NZ Institute of Directors.

Good governance balances short-term and long-term responsibilities, and the stewardship of the organisation, as well as the knowledge of external opportunities and challenges.

Exercising your representation role

In your representative role you will be expected to speak on behalf of individuals and organisations in your community, and this may include people who didn't vote for you. You won't be able to please all of the people all of the time, but you must still represent their views, even though you may vote differently at the council table. As an elected member you swear an oath to act in the best interests of the district as a whole, or for a board member, your community. This is because you will often be making decisions that take into account the wider context and the needs of future generations.

Representing citizens in your community goes beyond simply being an advocate. It involves forming relationships, consulting with and empowering groups and organisations. Being a good communicator and listening to people is clearly important. This role involves:

- representing the interests of the residents and ratepayers;
- networking and communicating with local residents;
- providing leadership and guidance to the community;
- facilitating communication between the council and the community; and
- promoting the overall interests of the council to external stakeholders.

Putting the needs of the district first

Elected members must act in the interest of the whole district in which they have been elected, not just a particular ward. This is reinforced by the oath that you will have to agree to shortly after being elected.

The oath identifies the need for elected members to use their best skills and judgment and to perform in the best interests of the whole community, not just the ward or electoral subdivision from which they were elected. Successful elected members balance their responsibility to raise issues affecting their wards or electoral subdivisions with their responsibility to make decisions on behalf of the interests of the whole community, including future generations.

District Leader – Mayor, Councillors' and Community Board Members Responsibilities

The following role description as identified by the Remuneration Authority in setting the Elected Members' remuneration is a guide for what is expected.

The Mayor

The mayor is elected by the district as a whole and, as one of the elected members, shares the same responsibilities as other members of the council. The mayor also has the following roles:

- presiding at council meetings including ensuring the orderly conduct of business during meetings (as determined by standing orders)
- advocating on behalf of the community involving the promotion of the community and representation of its interests. Such advocacy will be most effective where it is carried out with the knowledge and support of the council;
- spokesperson for the council
- ceremonial head of the council
- providing leadership and feedback to other elected members on teamwork and chairing of committees
- fulfilling the responsibilities of a Justice of the Peace (while the mayor holds office)
- providing leadership to the other members of the council and the people of the area

- leading the development of the council’s plans, policies, and budgets for consideration by the members of the council.

The Deputy Mayor

The mayor has the power to appoint the deputy mayor. The deputy mayor exercises the same roles as other elected members, and if the mayor is absent or incapacitated, the deputy mayor must perform all of the responsibilities and duties, and may exercise the powers, of the mayor (as summarised above). The deputy mayor may be removed from office by resolution of the council.

Members Interests

Prospective candidates should be aware of the requirements of the Local Authorities (Members' Interests) Act 1968.

Under Section 3 of the Act, elected members may not be concerned or interested in contracts made by the Council when payments made for the contracts entered into during a particular year exceed \$25,000 including GST. That amount may only be exceeded if the Council has either obtained the prior approval of the Audit Office or, in special circumstances, obtained retrospective approval. When payments exceed \$25,000 or any other approved amount, the elected member concerned is automatically disqualified from office. He or she also commits an offence if they continue to act as a member.

Under Section 6 of the Act, elected members may not discuss or vote on any matter in which they have a pecuniary interest when it is being considered by the Council or a committee. Elected members failing to observe this prohibition commit an offence and can be prosecuted. Conviction leads to disqualification from office.

When a matter is raised at a meeting of the Council or a committee in which a member has a pecuniary interest, the member prohibited from voting or discussing the matter must declare the pecuniary interest. The fact of that disclosure and abstention from discussion and voting on it is also recorded in the minutes. While it is not necessary to withdraw from the meeting, it is good practice to do so.

Health and Safety at Work Act 2015

The Health and Safety at Work Act 2015 (the Act) is part of a reform package aimed at reducing the number of serious work-related injuries and deaths in New Zealand by at least 25 percent by 2020. It came into force on 4 April 2016.

The Act is a new way of thinking about health and safety for New Zealand. The Act is designed to:

- Ensure everyone has a role to play
- Makes everyone's responsibilities clear
- Focuses on managing risk
- Requires those who create the risk to control the risk
- Requires businesses to engage with their workers and enable them to participate on an ongoing basis
- Allows flexibility in managing health and safety risks.

For elected members, the most significant implication is the introduction of the role of officer and the requirement for officers to meet due diligence duties.

What is an officer and what do they need to do?

An officer is a person who holds a very senior leadership position, and has the ability to significantly influence the management of a business. At TDC this includes elected members and the CEO.

Officers must ensure the business is meeting its health and safety responsibilities by doing due diligence to ensure the business understands and manages its key risks. To do this officers must take reasonable steps to:

- Keep up to date knowledge of health and safety
- Understand the operations of the business
- Ensure and check that their business has appropriate resources and processes for health and safety.

Elected members of a Council are not required to exercise due diligence over a Council Controlled Organisation (CCO) providing they are not officer of that CCO e.g. an elected member will be an officer of a CCO if they are on the Board of the CCO.

TDC and elected members as officers under the Act

TDC is proactively partnering with elected members to ensure TDC and its officers can meet their responsibilities under the Act.

Liabilities of officers under the Act

Under the Act there are a raft of offences that can be committed which carry fines (which need to be paid in some cases by the organisation and in some cases personally by the officer) and in extreme cases even jail sentences. Elected members as officers have an exemption under the Act from some of these offences. Offences that elected members as officers can be liable for include offences such as failure to comply with an improvement notice. This can be a fine up to \$50,000 for an individual or \$250,000 for a body corporate. Insurance is not available to cover the cost of such fines.

Inaugural Meeting

The successful candidates will take office on the day after the Electoral Officer gives his or her official notification of the result of the election. However, no person is permitted to act as a member of the Council before making a declaration. This declaration will be made at the Inaugural Meeting, which is expected to be held on 31 October 2019. The inaugural meeting of the Turangi-Tongariro Community Board is expected to be held on 5 November 2019. Newly elected members will be contacted by staff with the key dates.

The business to be conducted at that meeting will include:

- The making and attesting of declarations required of the Mayor, Councillors and Community Board members. Traditionally, this has been a ceremonial occasion.
- A general explanation of the Local Government Official Information and Meetings Act 1987 and other laws affecting elected members.
- The fixing of the date and time of the first ordinary meeting of the Council and Community Board, or the adoption of the schedule of ordinary meetings.

If elected the declaration required to be made by the Mayor, Councillors is as follows:

Declaration by Mayor, Councillors and Community Board member

I declare that I will faithfully and impartially, and according to the best of my skill and judgement, execute and perform, in the best interests of Taupō District Council, the powers, authorities, and duties vested in or imposed upon me as mayor (or as a member) of the Taupō District Council by virtue of the Local Government Act 2002, the Local Government Official Information and Meetings Act 1987, or any other Act. Those duties include the requirements under clauses 14(4) and 16 of the 7th Schedule to the Local Government Act 2020 to comply with the Taupō District Council Code of Conduct and the Taupō District Council Standing Orders.

Community Board members will be required to make a similar declaration.

Pre-election Report

All councils must prepare a pre-election report. The report is prepared by the chief executive independently of the mayor and councillors.

Section 99A of the Local Government Act 2002 sets out the information that must be included in the report and its timing. It includes information previously published in other council documents including long term plans, annual plans and annual reports. As such the information reflects the policy and service delivery direction of the current council.

The pre-election report has a particular focus on how the council is performing financially, including the current financial position and key spending issues over the coming years. It provides historic information for the past three years, an overview of the current election year and council's planned financial position for the next three years. It also outlines council's broader financial goals, which are included in its long term plan.

The pre-election report will be available from the council's website in July 2019. Candidates are advised to read the report when it becomes available.

Electoral Systems

Ngā Pūnaha Pōti

Two electoral systems will be operating side by side for the 2019 local government elections. These are:

- First Past the Post (FPP)
- Single Transferable Voting (STV).

Organisations using FPP in 2019 are:

- Taupō District Council
- Bay of Plenty Regional Council
- Hawke's Bay Regional Council
- Waikato Regional Council

Organisations using STV in 2019 are:

- Lakes District Health Board

Briefly, the FPP electoral system consists of the following:

- Electors vote by indicating their preferred candidate(s) with a tick.
- Voters must not tick more than the number of places to be filled.
- The candidate that receives the most votes is declared the winner, regardless of the proportion of votes that candidate obtained.

Briefly, the STV electoral system consists of the following:

- Voters receive a single (transferable) vote irrespective of the number of vacancies.
- Voters rank the candidates in order of preference, by writing a "1" next to the name of their most preferred candidate, then a "2" next to the name of the next preferred candidate and so on.
- Voters can rank as few or as many candidates as they wish.
- To be elected, a candidate must reach a "quota" of votes, which is based on the number of vacancies and the number of valid votes.
- When votes are counted, all the first preferences are allocated first.
- A candidate who reaches the quota first is elected. If there is more than one vacancy, and a candidate gets more votes than the quota, a proportion of each vote for that candidate is transferred to the voter's second preference. If, as a result, another candidate gets more votes than the quota, a proportion is transferred to the third preferences, and so on.
- If insufficient candidates reach the quota after the first preferences are allocated and any surplus votes are transferred, then the candidate who received the fewest votes is eliminated and each vote for that candidate is transferred to the voter's second preference. This process is repeated until enough candidates reach the quota to fill all the vacancies.

More information on STV can be accessed from the Department of Internal Affairs website www.stv.org.nz.

A hard copy of the preliminary electoral roll may be purchased from the electoral officer for \$30 per ward (ratepayer roll included) or \$80 per set, plus GST.

The final electoral roll is produced once the preliminary electoral roll closes on 16 August 2019. The final electoral roll is the roll used for issuing voting papers. Copies of this roll may be purchased as above.

Details appearing in the electoral roll are electors names (surname, then first names) listed alphabetically, the qualifying address, postal address, occupation and voting entitlements.

Information contained on the electoral roll is not available from the electoral officer in an electronic form.

In limited circumstances, an electronic listing of resident electors is available from Electoral Services (provided the criteria of section 114 of the Electoral Act 1993 is met). An application form is required to be completed, and these are available upon request direct from Electoral Services. The contact person is Ben Cline on (04) 806 3560.

- vi. There are no longer restrictions applying specifically to Police employees wishing to stand in Council elections.

For DHB candidate eligibility please refer to the separate candidate handbook for the DHB, but a candidate for mayor, council or the community board may also seek nomination to the DHB.

Evidence of NZ Citizenship

It is now a requirement of the nomination process that all candidates provide evidence of their NZ citizenship.

This is to be provided at the time of candidate nomination. Acceptable evidence includes a copy of NZ Passport, NZ birth certificate, or NZ citizenship documentation.

Nominations

Te Tautapa

Nominations open on **Friday 19 July 2019** and close at **12 noon on Friday 16 August 2019**.

Each candidate must be nominated on the official nomination paper available during normal office hours from:

- By phoning toll free number 0800 300 143
- Taupō District Council's offices 46 Horomatangi Street, Taupō
- Or by phoning the Taupō District Council on 07 376 0899
- Or from Council's web site www.taupo.govt.nz
- Or from the Turangi Service Centre – Town Centre–Turangi
- Or from the Mangakino Service Centre – Civic Centre, Mangakino

Completion of Nomination Paper

Each nomination paper must have the consent of the candidate and be nominated by **two** electors whose names appear on the electoral roll for the district, ward or community board. (e.g. if a person wishes to stand for election to a ward, then that person must be nominated by two electors from the ward).

A candidate **cannot** nominate himself/herself.

If a candidate is unable to sign the nomination paper (e.g. absent overseas), a letter of consent signed by the candidate is acceptable to attach to the nomination paper. A scanned copy of a completed nomination paper will also be accepted, provided the nomination deposit payment (or evidence thereof) is received in time.

Other Names

If a candidate is commonly known in the community by a slightly different name (e.g. Edward Smith is commonly known as Ted Smith) and has been known by this name for at least the last six months (to the satisfaction of the electoral officer), the commonly known name may appear on the voting paper.

Titles

Titles (i.e. Dr, JP, Sir, Dame etc) are **not** permitted next to the candidate's names on the voting paper or profile statement, but can be included as part of the candidate's 150 word profile text if desired.

Residency in Area

A candidate must declare if they reside in the area of election or not. This is shown at the top of the profile statement but does not count as part of the 150 word profile.

Standing in Other Elections in New Zealand

A candidate must declare if they are standing for any other elections in New Zealand at these triennial elections. This is shown at the top of the profile statement but does not count as part of the 150 word profile.

Affiliation

The nomination paper provides for a party affiliation or other designation.

Individual candidates not part of a political party may wish to nominate their designation as "Independent" or leave as blank (if left blank, nothing will show alongside the name on the voting paper).

A candidate requiring a specific party affiliation must have authority to adopt the affiliation from the party concerned (i.e. a party letterhead or letter of consent are acceptable). This is a safety measure to avoid any illegal adoption of party affiliations.

No party affiliation or other designation that is offensive in nature or likely to confuse or mislead electors will be accepted.

Submitting the Nomination Documents

Nomination documents for the Taupō District Council elections can be lodged at the Taupō District Council office at 46 Horomatangi Street, Taupō, Mangakino Service Centre, Civic Centre, Mangakino or Turangi Service Centre, Town Centre, Turangi or can be emailed to the deputy electoral officer at tjakes@taupo.govt.nz.

Taupō District Council's office hours for lodgement are:

Taupō Customer Service Centre, Mon-Fri 8.00 am to 5 pm, Mangakino Service Centre, Mon – Fri 9am to 12 and 12.30pm to 4pm, Turangi Service Centre – Mon – Fri 8am to 4.30pm, except on 16 August when 12 noon is the cut-off time for lodgement.

- All nomination documents must be submitted at the same time, i.e. nomination paper, candidate profile statement, evidence of NZ citizenship, photo, and nomination deposit. A nomination will not be accepted if any components are missing.
- Nomination papers for the Waikato Regional Council elections are to be lodged at the Waikato Regional Council office, 41 Grey St, Hamilton. **These nominations cannot be lodged with Taupō District Council.**
- Nomination papers for the Hawke's Bay Regional Council elections are to be lodged at the Hawke's Bay Regional Council office, 159 Dalton Street, Napier. **These nominations cannot be lodged with Taupō District Council.**
- Nomination papers for the Bay of Plenty Regional Council elections are to be lodged at the Bay of Plenty Regional Council office, 5 Quay St Whakatane. **These nominations cannot be lodged with Taupō District Council.**
- Nomination papers for the Lakes District Health Board election **can** be lodged with the Taupō District Council.

Once lodged, nomination papers are checked to ensure the candidate is eligible (name appears on a parliamentary roll), is a New Zealand citizen and the nominators are two electors whose names appear on the electoral roll for the relevant ward and district as a whole.

Should a nomination paper be lodged late on the morning nominations close, and be incorrectly completed or ineligible nominators are provided, there may not be enough time to correct the situation and the nomination paper could be invalidated.

Candidate Withdrawals

Te Unu a te Kaitono

Candidate Details

Confirmed candidate details will be made available from the council website. The details will be updated on a regular basis throughout the nomination period and will include at least the candidate name and any affiliation claimed.

As soon as possible after nominations have closed a file of candidate contact details will be available for download from the council's website. Candidates may be contacted by journalists, advertisers, pollsters and other groups interested in election matters.

Nomination Deposits

Each nomination paper lodged, requires a deposit of **\$200** (including GST). If an election is required the deposit is refunded if the candidate polls greater than **25%** of the lowest successful candidate for each election issue. The deposit is also refunded if no election is required.

Payment of the nomination deposit can be made by cash, EFTPOS or online banking. Should an online banking transaction be dishonoured or declined, the nomination becomes invalid as the deposit has not lawfully been made. If this occurs after the close of nominations, then the nomination is invalid and the candidate will be withdrawn.

Cheque payments of nomination deposits will not be accepted.

Payment can be made by online banking. Details for the payment of the deposit by online banking are shown on page 2 of the nomination paper. If paying by online banking, evidence of the transaction **must** be provided at the time the nomination documents are submitted, i.e. a print out of the transaction receipt. The nomination paper also sets out the reference and code details required for each online payment.

Nomination papers, with the deposit, evidence of NZ citizenship, candidate profile statement and photograph, can be sent to the electoral officer or deputy electoral officer by mail or email, but should they be received after the close of nominations, the nomination is invalid.

Nomination documents can be scanned as pdfs and emailed to the EO, including evidence of the \$200 deposit if made by online banking. Photos are to be scanned as jpgs.

It is the responsibility of the candidate to ensure all nomination documents are submitted together and that they are all correct.

The lodgement of nomination documents should not be left to the last minute.

Nominations close at 12 noon, Friday 16 August 2019.

A candidate can withdraw their nomination by application to the Electoral Officer up to the close of nominations i.e. 12 noon, Friday 16 August 2019.

Candidates cannot strategically or politically withdraw their nomination once nominations have closed. Candidates may only withdraw after the close of nominations for medical reasons, i.e. incapacity.

A medical certificate must be provided for a withdrawal notice to be accepted by the Electoral Officer. An application can be made by a candidate or an agent on their behalf.

Candidates who have a Protection of Property Rights Court Order

Clause 5(1)(b) of Schedule 7 of the Local Government Act 2002 precludes anyone with a property court order made under s31 of the Protection of Personal and Property Rights Act 1988 from taking office as an Elected Member of the Council. If this was to happen, a by-election would have to be held because the candidate could not take up the office they were elected to.

It is a criminal offence under s121 of the Local Electoral Act 2001 to stand as a candidate, or nominate someone, who is incapable of taking up office. That would include cases where a candidate has a s31 property order in place. If the Electoral Officer receives a nomination from someone who they discover before the close of nominations has a property order in place, and is therefore incapable of holding office, the nomination will be withdrawn in accordance with s60(4) of the Local Electoral Act, and the matter may be referred to the Police. If the Electoral Officer discovers this after the close of nominations, they must give public notice of the illegal nomination, and report the matter to the Police. These steps are necessary to ensure that people do not vote for candidates who cannot hold office.

This restriction also applies to District Health Board elections. Under s30(2) of the Crown Entities Act 2004, a person who is subject to a property order under the Protection of Personal and Property Rights Act 1988 cannot be a candidate.

Candidate Profile Statements

Ngā Tauākī Kaitono

The Local Electoral Act 2001 allows for candidate profile statements (CPS) of up to 150 words to be provided by each candidate with the completed nomination form. If an election is required these are then collated by the electoral officer and forwarded to electors in a booklet with the voting papers. Refer also to the notes listed in Appendix 1 for word limits and translation requirements.

Candidate profile statements must be provided electronically via email or on a media device, in a MS Word document that has been spell checked. As the electoral officer could receive dozens of profiles, consistent format of delivery and content is required (refer to guidelines below).

Candidate profile statements are governed by Sections 61 and 62 of the Act.

If the nomination forms are being personally delivered, a hard copy format of the profile must be provided at the same time. Hand written profiles will not be accepted.

Format of Candidate Profile Statements

The format requirements for profiles are:

The English text must be plain text, in paragraphs, with no special formatting, i.e.

- No bold, italic, underlining etc.
- No tabs
- No quote marks
- No accent marks (this restriction is in English text only)
- No bullet points

The profiles will be loaded into software provided by the printer that will automatically apply the required font, type size, line spacings etc. If there is no profile statement or photo from a candidate, then “No Profile Statement and/or Photo provided.” text or similar will be printed in the profile book.

Any non-English candidate profile content must be supplied with the following formatting:

- Font–Times New Roman (or Equivalent)
- Point Size–9 point size, 11 point line spacing
- No special formatting of text – e.g. no bolding, no italics, no underlines, no quote marks, etc.

Translations

The following contact details are given for a translation company, for those candidates who are unable to prepare the translation image themselves or do not know of anyone to do this for them:

Pacific International Translations (NZ) Ltd 4/203 Queen Street, Auckland. Phone: 09 9135290 Fax: 09 9135291

Email: info@pactrans.co.nz

The translation service will provide the translations in the above format to meet the requirements of the printer, the cost of which is to be met by the candidate.

Candidate Photos

Candidates may also submit a recent (less than 12 months) colour photograph for inclusion with the candidate profile statement in the booklet to accompany the voting papers. Photos should also be provided electronically, on media device or as an attachment to an email to the electoral officer.

If hard copy photographs are provided, then two copies of each photo should be provided with the candidate’s name clearly printed on the rear of each photograph (care needs to be taken when labelling hard copies of photos to ensure the photo image is not damaged in the process). Photos will not be returned to candidates.

Format of Candidate Photos

Candidate photos are to be a head and shoulders shot only, with nothing else in the photo, i.e. no hats, sunglasses, pets, external objects or impediments, or other people. They should be in colour. If necessary the EO will crop the photo accordingly but the onus is on the candidate to provide a photo of the candidate only that complies with this format.

Electronic copies of photos should be scanned as a jpeg at a minimum of 600 dpi.

Any queries regarding the format of photos and profiles are to be made to the EO.

Note: The onus is on the candidate to ensure that all nomination documents including the profile and photo are submitted to the electoral officer by 12 noon, Friday 16 August 2019.

Correctness of Profile Statements

The candidate is responsible for ensuring that the candidate profile statement contains correct grammar, spelling, punctuation, etc. The electoral officer may make corrections to the statement without affecting content but accepts no responsibility to make any correction. The candidate should ensure the statement is correct when submitted and not expect any corrections to be applied.

The electoral officer is not required to verify or investigate any information included in a candidate profile statement.

The electoral officer will take no responsibility for the accuracy of the content. A disclaimer concerning the accuracy of the information contained in the statements will be published in the profile statement booklet.

If the profile statement or photo does not comply with the legislative requirements, the electoral officer will as soon as practicable, return the statement to the candidate and specify his/her concerns and the reasons therefore. The candidate will then have up to three (3) days to submit an amended candidate profile statement to the electoral officer.

A candidate is to be treated as having failed to provide a candidate profile statement, if the candidate:

- fails to submit an amended candidate profile statement within the requested period, or
- submits an amended candidate profile statement that, in the opinion of the electoral officer, does not comply with the requirements.

Where the electoral officer is not satisfied that the candidate profile statement complies and cannot reach agreement with the candidate within the period specified, but the candidate has submitted a suitable photograph, the electoral officer will act as if the written part of the statement was never received but still publish the photograph in the candidate profile booklet to be included with the voting paper sent to each elector, as well as a message to the effect that a statement was not supplied.

Campaigning, Council Resources and Social Media

Te Whakawhere Kaipōti, Ngā Rauemi a te Kaunihera me te Pāhopori

Election campaigning can commence anytime but should cease by the close of voting, i.e. 12 noon, Saturday 12 October 2019.

There are generally no rules around conduct of campaigning by candidates, although there are certain election offences, which are detailed for your information in this guide, see Appendix 6. Please refer to them for your own protection.

No election material can contain:

- any untrue statement defamatory of any candidate and calculated to influence the vote of any elector.
- an imitation voting paper which has the names of the candidates with any direction or indication as to the candidate a person should vote for, or in any way contains such direction or indication likely to influence the voter.

Voting papers should not be collected from electors by candidates or their assistants. Each elector is required by law to post or deliver his or her own voting paper to the electoral officer or official voting boxes located at Taupō District Council service centres or libraries.

Council Resources

Candidates are not permitted to use council resources for campaigning purposes. Council resources includes but are not limited to council's logo and branding, website, facebook page, twitter account, any forms of social media, computers, email, mobile phones, faxes, stationery, photocopiers, printers, stamps, cars, meeting rooms and venues (except those available for public hire).

Election Advertising and Authorisation on Campaign Material

Election advertising, using any media, including social media, must identify the person under whose authority they have been produced, as per sections 113-115 of the Local Electoral Act 2001.

This means that for posters, adverts, billboards, flyers, vehicle signage, websites, Facebook pages etc, each advertising item must have a sentence at the bottom saying that it is authorised by the candidate or agent, i.e. "Authorised by Joe Citizen, 20 Main St, Tinseltown." This authorisation must be clearly visible on any campaigning material including signs and billboards

Please note: a physical address must be provided in any authorisation text, i.e. it cannot be a PO Box, Private Bag or a rural delivery number. There must be a reasonable expectation that anyone wishing to discuss the advertising can do so with the candidate or their agent at the address listed. The use of a council building address is not permitted in the authorisation address.

Advertising Standards Code for Campaign Material

Candidates are reminded to be socially responsible and truthful with the content of their campaign material. Campaign advertisements are subject to the Advertising Standards Authority (ASA) Code. Wherever facts are quoted, the Code is strict that the facts must be correct, however, where a person holds a broad view or opinion, the Code allows them to do so. The ASA settles disputes during elections within two to three days, and take complaints from electoral officers and the public. The usual penalty for breaches of the code is for the advertising to be removed.

N.B. The cost of framing to hold up an election sign is not an item of campaign expenditure.

Campaign Expenditure Limits

Candidates have campaign expenditure limits and are required to file a return to the electoral officer after the election.

Campaign expenditure is all expenses relating to the campaign from the period 3 months before election day, i.e. all expenditure from **12 July 2019 to 12 October 2019** plus any apportioned costs of any election campaigning carried out prior to 12 July 2019 (refer S.112 LEA 2001).

If a candidate is standing for more than one position (e.g. mayor and councillor) then the higher limit applies (not both combined).

The campaign expenditure levels for Taupō District are:

1. Mayoralty

The total electoral expenses (inclusive of goods and services tax) of a candidate must not exceed **\$20,000** if any local government area over which the election is held has a population smaller than 39,999 and larger than 20,000.

Return of Electoral Expenses

Each candidate is required to keep a record of all campaign election expenses, and must furnish a return to the Electoral Officer within 55 days of the election result being declared, estimated to be no later than Wednesday 18 December 2019.

The return of electoral expenses and electoral donations form once returned becomes a public document and can be inspected by any person for a period of 7 years after receipt. The Electoral Officer is required to make the expenditure return and any supporting documents available on Council's website for seven years.

A model election expenses return form is attached as Appendix 2. The relevant sections of the Local Electoral Act 2001 on election expenses is attached as Appendix 3.

Note:

- 1) Candidates are required to keep evidence of any election expenses for amounts exceeding \$200.
- 2) All candidates must submit a return of election expenses and donations form even if no expenses have been incurred or donations received.

Candidate Expenses

Sec 104 of the Local Electoral Act lists the following definition of electoral expenses, in relation to a candidate at an election,—

- (a) Means expenses that are incurred by or on behalf of the candidate in respect of any electoral activity; and
- (b) includes expenses that are incurred by or on behalf of the candidate, before or after the applicable period before the close of polling day, in respect of any electoral activity; and
- (c) includes the reasonable market value of any materials applied in respect of any electoral activity that are given to the candidate or that are provided to the candidate free of charge or below reasonable market value; and
- (d) includes the cost of any printing or postage in respect of any electoral activity, whether or not the expenses in respect of the printing or postage are incurred by or on behalf of the candidate; but
- (e) does not include the expenses of operating a vehicle on which election advertising appears if that vehicle is used in good faith by the candidate as the candidate's personal means of transport; and
- (f) does not include expenses incurred by the candidate in preparing a candidate profile statement; and
- (g) does not include the labour of any person that is provided to the candidate free of charge by that person; and
- (h) does not include the cost of any framework (other than a commercial framework) that supports a hoarding on which an advertisement is displayed.

Note – the \$200 nomination deposit fee is not an electoral expense.

Definition of electoral donation

An electoral donation is a donation of money, goods or services that is made for use in a candidate's election campaign (section 103A LEA). Electoral donations and contributions to donations, of more than \$1500 incl. GST are required to be declared in the candidate's return of donations and expenses. A series of donations made by one person that adds up to more than \$1500 must also be declared. An electoral donation includes:

- where a candidate is provided with goods or services free of charge that have a reasonable market value greater than \$300
- where a candidate is provided with discounted goods or services and the reasonable market value of the goods or services is greater than \$300, the difference between the contract or agreed price and the reasonable market value of those goods and services is a donation
- where a candidate sells over-valued goods or services, the difference between the price paid and the reasonable market value is a donation, for example a fundraising auction or dinner.

The following are not candidate donations:

- volunteer labour
- goods or services provided free of charge to a candidate, or to any person on the candidate's behalf that have a reasonable market value of \$300 or less
- money provided by the candidate for his or her own campaign.

If a person or organisation gives or pays for goods or services that would otherwise be candidate election expenses, the reasonable market value of those items, whatever their value, should be recorded as an election expense. If the reasonable market value of the items exceeds \$300 it should also be recorded as a donation.

Donations made up of contributions

Donations to candidates can be made up of pooled funds contributed by more than one person (referred to in the Act as donations funded from contributions). These types of donations include, for example, campaign donations made through a trust, or where there is a fundraising collection for a candidate's campaign (section 103A LEA). The total proceeds of a collection are treated as a donation under the Act. The person who collects the money will normally be the donor. The individuals who contribute to the collection are contributors for the purposes of the Act. If an electoral donation, other than an anonymous donation, is made up of contributions, the transmitter or donor must tell the candidate:

- the name and address of the donor
- whether the donation is made up of contributions
- the total amount of individual contributions of \$1500 or less
- in the case of individual contributions greater than \$1500, the name, address, and contribution of each contributor.

If the candidate knows, or has reasonable grounds to believe, that the donor has failed to supply information about contributions, the whole donation must be returned to the donor.

Transmitted donations

A donation can be made either directly by the donor to the candidate or indirectly by a transmitter who transmits a donation to the candidate on someone else's behalf, for example via a lawyer's trust fund. Any person who receives a candidate donation on the candidate's behalf must transmit it to the candidate within 10 working days. When transmitting a donation, the transmitter must tell the candidate:

- that the donation is being transmitted on behalf of a donor
- the name and address of the donor
- whether the donation is made up of contributions
- the total amount of contributions of \$1500 or less
- in the case of contributions greater than \$1500, the name, address, and contribution of each contributor.

Where a transmitter does not disclose the name and address of the donor, the donation must be treated as an anonymous donation (see below).

Anonymous donations

Candidates are not permitted to retain anonymous donations exceeding \$1500. An anonymous donation is a donation made in such a way that the candidate who receives the donation does not know the identity of the donor and could not, in the circumstances, reasonably be expected to know the identity of the donor (section 103A LEA). If a candidate receives an anonymous donation greater than \$1500, he or she may retain \$1500 of that donation. The balance of the donation must, within 20 working days of receipt, be paid to the electoral officer for payment into the general fund of the local authority.

Applicable period for donations

There is no provision within the Local Electoral Act 2001 or its regulations specifying a period for recording or declaring donations. On that basis, all qualifying donations contributed for use in a candidate's election campaign for the 2019 triennial local body elections should be recorded and included in the candidate's return of election expenses and donations.

Taupō District Council's Social Media Guidelines for Candidates

Candidates must comply with the following guidelines for web and social media use and presence related to campaigning.

Things to be aware of:

- During the lead up to elections, the current mayor and councillors may be used in social media posts where it is appropriate and is considered 'business as usual' to use them. This may be in images or quotes.
- Election advertising, using any media, including social media, must identify the person under whose authority they have been produced, as per sections 113-115 of the Local Electoral Act 2001. This means in your profile photo/bio, you must have a statement saying that all content/images on your social media channel are authorised by you or your agent. You must include a physical address in the authorisation statement (not a PO Box, private bag or rural number), and you must not use the council's main office address.
- The Council's social media accounts (listed below), including but not limited to Facebook, Twitter, Instagram, LinkedIn and Neighbourly, are not permitted to be used as a communications channel by anyone (candidates or members of the public) for promotion, electioneering or campaigning. This also applies to all social media accounts owned by Council-controlled organisations.
- The Council's social media accounts are constantly monitored and any campaign related or electioneering content will be removed immediately.
- If Taupō District Council already follows your public social media accounts, please note you will be unfollowed 3 months prior to the election date. This protocol is in line with the Local Electoral Act 2001.
- Any social media post – positive or negative – made by any individual specifically relating to their own – or someone else's – nomination, intention to run for Council, or election campaign, will be removed immediately.
- Candidates cannot reply to the Council's social media posts or share with a comment encouraging people to like or follow their own social media accounts or any other electioneering tool. Any posts that do this will be removed immediately.
- Candidates must not link their own social media accounts (if they are used for campaigning purposes) to the Council's social media accounts.
- Candidates cannot rate, review, check-in or tag the Council's social media channels.
- The Council's social media accounts will remain neutral. Taupō District Council will promote elections and the importance of voting but will not associate these posts with any candidates.

Hoardings

He Tohu Whakahau

Candidates need to adhere to the following guidelines:

- Landowner's consent is needed to erect and site a sign [before sign is erected]
- Election signs can be displayed for a maximum of two (2) months before the date of the election (i.e. 12 October 2019)
- All signs must be removed by midnight on Friday 11 October 2019
- Only one (1) sign per site per candidate is permitted
- Maximum permitted sign size is 3m² with a maximum height of 3m
- Any structures and signs are to be removed if they are considered by Council Enforcement Officers to be unsafe or constitute a traffic hazard
- Signs must comply with the Building Act.

There are no Council reserves, streets or other Council administered property sites available for the siting of signs. This includes land owned by Council but leased to another organisation.

NZTA Guidelines for Managing Electioneering Signs on State Highways

The guideline objectives are to minimise the potential for road crashes arising from drivers being distracted by indiscriminate installation of electioneering signs and to ensure consistency of application of NZTA policy on such signs with minimal involvement by NZTA.

1. On Rural State Highway Reserves [NZTA to Manage]

1.1 Signs should generally be located off state highway reserves. In exceptional circumstances only, signs may be erected within the state highway reserve with the written approval of state highway managers.

1.2 For the exceptional circumstance to apply, the applicant must be able to demonstrate that all other options have been exhausted and that there is no other appropriate safe location for the sign.

1.3 Signs must:

- not be reflectorised;
- be located generally giving consideration to visibility and traffic safety;
- not be on or adjacent to motorways;
- not be erected in a manner that will create distraction or danger to road users; and
- not imitate any official traffic signs.

1.4 For safety reasons, vehicle mounted signs situated on state highway reserves are not permitted.

1.5 To minimise staff involvement, NZTA shall:

- act quickly on inquiries from political parties and the public;
- instruct network consultants to inspect all state highway's for compliance every 7 to 10 days;
- phone/fax the parties/candidates where there is non compliance, requesting action/removal within 48 hours; and
- instruct consultants to remove the signs if there is no action after 48 hours.

1.6 Where any sign is erected without NZTA approval in an obviously unsafe location it must be removed immediately and stored undamaged. The party must then be advised of the storage location for retrieval at a fee of \$50 to cover NZTA costs.

2. On property adjoining rural state highways and on urban state highway reserves and adjoining property [local authorities to manage] (where urban areas relate to state highway's with speed limits of 70 km/h or less).

2.1 NZTA shall refer all applicants/parties to the appropriate local authority.

2.2 Although it is expected that local authorities will administer their own controls in terms of district plans, NZTA should make known its views that any signs should meet the NZTA policy requirements set out in paragraphs 1.3 and 1.4 above.

2.3 Beyond appropriate liaison with local authorities to convey the above policy, NZTA shall have no other involvement with signs in these areas.

Voting and Processing of Votes

Wā Tuku Tautoko

Order of Candidates on the Voting Papers

Taupō District Council has resolved pursuant to Section 79 of the Local Electoral Act 2001 that the names of the candidates will appear in random order on the voting papers. This means that the candidate names will appear in a different order on each separate voting paper. Barcodes will be printed beside each candidate name for counting purposes.

Special Voting

Special voting documents are available to electors:

- whose names do not appear on the final electoral roll, but who qualify as electors
- who did not receive a voting paper previously posted to them
- who spoil or damage a voting paper previously posted to them.

Special voting documents will be available from Friday 20 September 2019 to 12 noon, Saturday 12 October 2019 at the Taupō Customer Service Centre, 46 Horomatangi Street, Taupō, Service Centre, Town Centre, Turangi and Service Centre, Civic Centre, Mangakino

Special voting documents can be posted directly out to electors. The completed voting paper however, must be in the hands of the electoral officer or the deputy electoral officer by noon on election day, i.e. 12 noon, Saturday 12 October 2019.

Special voters must complete a statutory declaration. This is a legal requirement and a protection for electors against possible duplicate voting.

If an elector requests a special vote and is not on the parliamentary roll (e.g. just turned 18 years of age), the person must enrol on the parliamentary roll by Friday 11 October 2019. An application for registration as a parliamentary elector may be obtained:

- from any Post Shop or
- by telephoning 0800 ENROLNOW (0800 367656) or
- by accessing the Electoral Enrolment Centre website on www.elections.org.nz.

After voting closes, special vote declarations are forwarded to Registrars of Electors for verification that the elector is eligible and has enrolled as a parliamentary elector.

Special voting documents cannot be collected by candidates or their assistants for distribution to electors.

Early Processing of Returned Voting Papers

The electoral officer has decided pursuant to Section 80 of the Local Electoral Act that returned voting papers will be opened and processed during the voting period before the close of voting.

Voting papers for Taupō District Council are being processed by council's election contractor, *electionz.com Ltd. electionz.com* will be processing approximately 600,000 voting papers for 42 councils at its processing centre in Christchurch.

The early processing of voting papers involves the following functions:

- opening of envelopes
- extracting of voting papers
- checking for informal or duplicate votes
- electronic capture of valid votes
- no tallying of votes is undertaken until after the close of voting (12 noon, Saturday 12 October 2019).

The early processing functions are undertaken within strict security measures. One or more Justices of the Peace observe all early processing functions, and sign a statement at the end of the processing that all functions were undertaken correctly and conformed with the legal and secrecy requirements.

Candidate's scrutineers are not permitted to observe the early processing functions (refer to Appendix 4).

Election Results

The counting of votes takes place as soon as practicable after 12 noon on Saturday 12 October 2019.

It is expected that a progress result will be released by the electoral officer by 2pm on Saturday 12 October 2019. The preliminary result will be released as soon as all ordinary voting papers have been received and processed at the processing centre. This is likely to be by midday Sunday 13 October, if not before.

Candidates will be advised the progress results on election day—either by e-mail or phone. Only two attempts to communicate the progress result to any candidate will be made. These will be made around the time that progress results are posted to the council website.

Results will be released to candidates and media via email and www.taupo.govt.nz.

There are three types of results.

1. Progress Results

Not all ordinary votes have been counted yet, those votes received on the last morning will still be in transit to the Electoral Officer. Progress results are expected to be available on Saturday 12 October from 2pm as reconciliations and quality assurance checks are completed. Results could change.

2. Preliminary Results

All ordinary voting papers have been received and counted, but not all special votes. These will be announced later on Saturday evening or Sunday after we receive the last ordinary voting papers that were delivered to Council offices prior to the close of voting. Results could change.

3. Official Results

All ordinary and special votes have been counted. These will be released by Thursday 17 October, once special votes are confirmed. Results are final.

Recounts and Petitions for Inquiry

A recount can be requested by a candidate within 3 working days after the public declaration of the final election results. This sometimes happens when a result is very close, i.e. less than 5-10 votes, depending on the size of the election.

A candidate must make application to the District Court along with the payment of a \$750 deposit. This is usually lodged with the court by a solicitor, so legal advice may be required. The application usually states the reason why a recount should be granted by the Judge. In recent times it has been demonstrated that just because a result is close, that is not necessarily enough of a reason for a recount.

A Petition for Inquiry can be applied for by a candidate or a minimum of 10 electors, if in their opinion the election result is incorrect or may have been compromised. This also has to be made by application to a District Court Judge upon payment of a \$750 deposit within 21 days of the official result declaration. Legal advice should be sought by anyone contemplating a Petition for Inquiry.

Candidate Profile Statements

Local Authority Elections 2019

Right to Submit a Candidate Profile Statement (CPS)

Every candidate for election to a local authority may submit a CPS with their nomination (Section 61, Local Electoral Act). This is a permissive right – it is not mandatory to submit a CPS.

Where a candidate is standing for two or more offices, e.g. mayor and councillor – he/she may submit a CPS for each office (Clause 26, Local Electoral Regulations).

Candidate Profile Statement Conditions

- Under Section 61(2)(a) and (3) of the Act and Clause 27 of the Regulations, a CPS
 - if in English or Māori or both, must not exceed 150 words in each of the languages used in the CPS. The information contained in each language must be substantially consistent with the information contained in the other language;
 - in any other language other than English or Māori, must not exceed 150 words, or their equivalent, if symbols are used rather than words. This includes any translation of those words into another language provided by the candidate. Where a CPS is in a language other than English or Māori, then the candidate must provide a CPS in English or Māori.
- Every CPS must be submitted with the candidate's nomination form.
- The content of a CPS, under Section 61(2)(c), must be confined to information:
 - concerning the candidate or any group or organisation the candidate claims affiliation to under S 55(4) of the LEA;
 - on the candidate's policies and intentions if elected.
- A CPS **cannot** be used to comment on the policies, performance, etc of any other candidate.

A candidate may include with their CPS a recent hard copy photograph of the candidate alone which has been taken within 12 months of the candidate's date of nomination.

Note: Soft (electronic) versions of the candidate photos may be submitted with the CPS. These should be either copied onto a media device or emailed to the deputy electoral officer, at tjakes@taupo.govt.nz.

Photos must be submitted at the same time as all nomination documents and by the close of nominations i.e. on or before 12 noon, Friday 16 August 2019. [Section 61(2)(c) and Clause 28].

(Refer to page 17 for the production specifications for the CPS and candidate photograph).

Duties, Powers and Responsibilities of Electoral Officers

Where an electoral officer is not satisfied that a CPS complies with Section 61(2) and (3), he/she must, under Section 61(4), return the CPS to the candidate specifying the concerns and reasons for them and the period within which an amended CPS may be resubmitted.

A candidate will be treated as having failed to provide a CPS if Section 61(4) applies and he/she fails to submit an amended CPS within the period specified by the electoral officer or submits an amended CPS, which in the electoral officer's opinion, still fails to comply with Section 61(2) and (3).

It is important to note that under Section 61(6), the electoral officer is not required to verify or investigate any information in a CPS and may include in, or with, any CPS a disclaimer concerning the accuracy of the information therein.

The EO is not liable in relation to:

- any statement in or omitted from a CPS; or
- the work of a prudently selected translator; or
- the exercise of the powers and functions conferred on the electoral officer under Section 61.

Distribution of Candidate Profile Statement

- Section 62 of the Act and Clause 29 of the Regulations requires the electoral officer to send to each elector with the voting documents, all CPS's that comply with Section 61, for each candidate in the election for a local government area or subdivision. In addition, a local authority may display CPS's at its offices, or service centres, and publish them on its website as soon as they are ready after nominations have closed.
- Any failure of an electoral officer to comply with Section 62 will not invalidate the election.

 - (b) provide the Police with the details of any inquiries that he or she considers may be relevant.
- 3) Subsection (2) does not prevent any person from reporting an alleged offence to the Police.
- 4) Despite subsection (2), an electoral officer is not required to report the failure by a candidate to file a return under section 112A if the candidate files the return promptly after being required to do so by the electoral officer.

Scrutineers

Role of Scrutineers

- The Local Electoral Act 2001 (LEA) and the Local Electoral Regulations 2001 (LER) do not specify in detail the role of scrutineers. However, the general role of scrutineers is to oversee and observe certain election or poll procedures to ensure they are undertaken fairly and that votes are counted consistently and accurately.
- The election or poll procedures which scrutineers are statutorily permitted to oversee and observe are:
 - **Scrutineering of Roll** (Sections 81 and 83 LEA and Clause 55 LER). This involves comparing the rolls used at the election or poll upon which there is recorded the fact that an elector has voted. The objective is to establish any dual voting which is disallowed.
 - **Preliminary and Official Counts** (Section 84 LEA, and Clauses 59, 60 and 62 LER). The preliminary count involves the first count of votes immediately following close of voting. The outcome is the preliminary result announced on polling day. The official count follows the preliminary count and includes any remaining special votes. It can commence on polling day and due to special voting issues is usually completed on the Monday or Tuesday following polling day.

Note: With electronic processing, the count processes are computerised tasks undertaken once required reconciliations have been completed. Both counts (preliminary and official) are likely to take several minutes to complete.
 - **Recount** (Section 91 LEA). A recount takes place on the order of a district court judge following an application from a candidate. When required, it involves a recount of the relevant voting documents.
- In observing the processes above, it is lawful for a scrutineer to pass on information to any person of the names of persons who have voted (Section 68 LEA). The passing on of any other information is not permitted – see offences later in this booklet.
- Given that the practice has been for all local authority elections to be conducted by postal voting and not by booth voting as per parliamentary elections, scrutineers are less involved in the local elections process than for parliamentary elections.
- Scrutineers are not entitled or empowered to interfere with the conduct of an election or poll or raise questions of procedure or law with electoral officials. If a scrutineer believes that electoral procedures are not being followed, he or she should draw the matter to the attention of the electoral officer.

Appointment of Scrutineers

- For a local authority election a candidate may appoint one or more scrutineers (Section 66 LEA).
- In relation to a local authority poll, 10 or more electors, who are either in favour of or opposed to the proposal being polled, may appoint 1 or more scrutineers (Section 67 LEA).
- Every scrutineer appointed under Sections 66 or 67 of the Act must be appointed in writing (a model letter of appointment is contained in the back of this section).
- An appointment as scrutineer is not valid unless a copy of the notice of appointment is delivered by the candidate or the 10 electors to the electoral officer. The electoral officer **must** receive this notice not less than **24 hours** before the close of the voting period. The deadline is **Friday 11 October 2019** in the case of this year's local authority elections (Section 68(1) LEA). It is suggested that a scrutineer should always carry a copy of this notice when undertaking scrutineering duties.
- Section 68(3) of the Act contains three restrictions on who may be appointed a scrutineer. No person can be a scrutineer if they are:
 - a candidate in the elections; or
 - a member or employee of any local authority or community board for whom the election or poll is being held; or
 - under 18 years of age.

Declaration

- No person appointed as a scrutineer can carry out scrutineering duties until he or she has completed a declaration (Section 14(2) LEA and Clause 91 LER).
- The key obligations for a scrutineer arising from the declaration is that he or she:
 - will well and truly serve in the office of scrutineer; and
 - will not directly or indirectly disclose any fact coming to his or her knowledge at the election or poll that he or she is required by the Act not to disclose.
- A person appointed as a scrutineer must report to the electoral officer or deputy electoral officer on the first day on which he or she is to undertake any scrutineering duty to complete the required declaration. Upon completing the declaration, the scrutineer will be given a 'scrutineer' nametag. This nametag must be returned to the electoral officer when the scrutineer leaves the premises where he or she is acting as a scrutineer.

Information to be Supplied by Electoral Officer

- As soon as practicable following the appointment of a scrutineer, the electoral officer will advise that person of:
 - arrangements for the election or poll process that he or she has been appointed for
 - what restrictions apply to scrutineers; and
 - how that person is expected to conduct themselves.

Arrangements for Roll Scrutiny, Preliminary and Official Counts and any Recount

- The electoral officer will advise the scrutineer:
 - where he or she should go, and at what time, to complete the required declaration before any scrutineering duties can be undertaken
 - when and where any planned briefing of candidates and scrutineers about election processes is to be held
 - when and where any planned briefing of electoral officials about the election or poll process is to be held
 - where the scrutiny of the roll will be conducted (address and office)
 - what days and time that the scrutiny of the roll will take place
 - that the preliminary count of voting documents will commence at 12 noon on Saturday 12 October 2019
 - when and where the official count will commence and take place and on what days it will extend over if there are special votes to clear with the Registrar of Electors
 - on how the preliminary and official counts will be undertaken – manually or electronically
 - if a recount has been ordered by a district court judge, where and when that recount will take place
 - that no remuneration will be paid to any scrutineer by the local authority for the undertaking of scrutineering duties.

Candidates should note that all vote processing will be carried out in Christchurch and that if they wish to appoint scrutineers all costs thereof are to be met by the candidate.

Restrictions on Scrutineers During Election and Poll Processes

- Pursuant to Section 80 of the Act, the EO will process voting documents during the voting period. Scrutineers are prohibited under Section 81 of the Act from being present during the early processing of voting documents. Early processing of voting documents does not involve counting or totalling votes for any candidate for election or for or against any proposal in a poll. Counting of votes can only commence for the preliminary count after the close of voting i.e. after 12 noon, Saturday 12 October 2019.
- It is permissible for a candidate in the case of an election, and for 10 electors in the case of a poll, to appoint more than one scrutineer. However, only one scrutineer for any candidate can be present at the same place to undertake scrutineering duties.
- It is permissible for scrutineers at any time to leave and return to the undertaking of the roll scrutiny, and after close of voting, the preliminary and official counts. Upon returning to the process, a scrutineer has no power or right to expect the electoral officer to go back for his or her benefit and repeat the activities in relation to voting documents that were dealt with in his or her absence. The same practice will apply if a scrutineer is late for the commencement of any of these processes.

Conduct of Scrutineer

- The general role of scrutineers is to oversee and observe that particular procedures at an election or poll are undertaken fairly and that votes are counted fairly and reasonably. As the emphasis in relation to the role of scrutineers is on overseeing and observing, it is expected that scrutineers must not talk to electoral officials involved in the roll scrutiny, the preliminary or official counts or in any recount. If a scrutineer believes that electoral procedures are not being followed he or she should draw the matter to the attention of the electoral officer. It should not be raised with other electoral officials.
- A scrutineer must also not seek from the electoral officer and other electoral officials any progressive voting trends during the preliminary count.
- The scrutiny and the preliminary and official counts are critical processes to the outcome of an election or poll and demand a high level of concentration from electoral officials. Accordingly, it is incumbent upon scrutineers not to distract, annoy, linger close by or talk loudly to one another so as to disrupt or upset any electoral officials.
- In keeping with the needs of electoral staff, scrutineers are not allowed to use or have mobile phones switched on within the area where scrutiny of the roll, the preliminary or official count or a recount is being conducted.
- The LEA and LER are silent on the display of any party affiliation by scrutineers. The adopted policy will be what normally applies to scrutineers at parliamentary elections. This provides for the following items, in party colours but without party name, emblem, slogan or logo, may be worn on the person or displayed in a vehicle:
 - streamers
 - ribbons
 - rosettes (but see also the special rule about party lapel badges below)
 - items of a similar nature.
- Party lapel badges may be worn anywhere on the person. A party lapel badge is any badge or rosette designed to be worn on the lapel and bearing a party name, emblem, slogan or logo. None of the above items may be displayed on bags or briefcases. Political parties will be asked to supply the electoral officer with a sample of their rosette prior to the commencement of the polling period. In the case of this years local authority elections, the polling period commences on Friday 20 September 2019.
- Scrutineers should also bring their own refreshments. The electoral officer will not provide meals and refreshments for scrutineers.

Offences

- Scrutineers can be present at election and poll processes, which will expose them to returned voting documents and information about voting. While scrutineers are permitted to tell any person the names of persons who have voted, under the declaration a scrutineer must not directly or indirectly disclose any fact coming to his or her knowledge at the election or poll that he or she is required by the Act or Regulations not to disclose.
- Should a scrutineer break their declaration and disclose information which is prohibited then they are likely to have committed an offence under one or more of the following provisions of the LEA:
 - Section 123, Offences in respect of official documents
 - Section 129, Infringement of secrecy
 - Section 130, Disclosing voting or state of election or poll.
- These three sections are reprinted in full later. Scrutineers are advised to become familiar with them before they complete their declaration and undertake any scrutineering duties.

3. At any of the election processes only one scrutineer for each candidate may be present at any one time.

Election Offences

The Local Electoral Act 2001 includes provisions relating to offences at elections. In particular, candidates are asked to note the following legal requirements:

- Ensure all election advertising includes a proper authorisation statement. Such a statement will include your name (or your agent's name) and the street address for the appropriate place of residence or business. A website or postal address does not suffice.
- Do not interfere or try to influence anyone who is about to vote. Do not offer to collect, post or deliver to the Council completed voting papers from any other elector.
- Do not give, as part of your campaign, any gift or item of value to any other person. An item of value is anything you would expect to pay for and typically may be useful to the recipient other than as election literature. Examples of such items in the lower value category might include pens, biros, message or note pads, rulers, fridge magnets, key-chains and the like.
- Do not, as part of your campaign, provide anyone with anything they can eat or drink, or with any entertainment or other provision. However, light refreshments provided **after** any meeting relating to an election does not amount to treating, but such light refreshments probably should not include alcoholic drinks.

The electoral process in New Zealand is jealously guarded and electoral law is written in such a way so as to reinforce this through prescribing high standards for electoral behaviour.

The penalties for election offences differ. For unauthorised advertisements, the penalty is a fine up to \$1,000. Other offences could result in a larger fine or imprisonment and, in some cases, loss of office as an elected member.

If the Electoral Officer receives any formal complaint about an offence, or becomes aware of an offence, the matter will be referred to the Police, as required by the Local Electoral Act 2001. The Electoral Officer generally does not have discretion to refuse to report offences.

Information on advertising and election offences is set out in full below, or in other parts of this handbook for advertising, donations and expenses. The detailed law is a little complex in some instances, so the statements presented above are a simplification of the law and should not be regarded as a substitute for reading the statutory provisions.

Candidates are requested to read the following sections of the Act carefully and to ensure that there is no infringement of these provisions either prior to or during the election:

The capabilities of effective elected members

Ngā pūkenga o ngā mema i āta pōtitia e tino whai hua ai te tū

Being an effective elected member can be a challenging experience, it requires balancing competing demands for your time and exercising your judgement about what is important. It also requires being able to work well with other people from a wide range of backgrounds and using a broad range of skills and competencies. The following skills and knowledge are important for becoming an effective elected member:

Quality decision-making

- Making decisions based on kaimahi (staff) advice, community views, wisdom, experience, and informed judgement.
- Being financially prudent and having an eye for risk.

Strategic thinking

- Understanding the district, city or region's priorities and how they relate to national and international developments.

Political and policy acumen

- Understanding the political environment and the respective roles of governors and management.
- Getting to the bottom of issues and being able to assess the pros and cons of different options.

Leadership

- Providing direction and making things happen to achieve the council's vision and outcomes with an emphasis on strategic priorities.

Cultural awareness

and deliver the council's vision and outcomes.

Behaviours

- Understanding and modeling the council's values and behaviours and discouraging unethical behaviour.

As an elected member what will I be doing?

Ina eke au hei mema i pōtitia he aha āku mahi?

Elected members have two broad roles; a representative role and a governance role. The amount of time spent on each will vary depending upon the particular elected position. Mayors and councillors will spend a large part of their time on governance matters, as they have the overall responsibility for the performance of the council organisation.

Local and community board members will spend more of their time on representation matters and less on governance, although this will depend upon each board's delegations.

< In short, your task is to provide good governance informed by the views of your community. >

< Good governance balances short-term and long-term responsibilities, the stewardship of the organisation, as well as the knowledge of external opportunities and challenges. >

Exercising your governance role

Te kawae i tō tūranga whakahaere tikanga

Mayors and councillors, in particular, will be concerned with the overall performance of the council organisation; the degree to which it meets its statutory obligations, fulfils community expectations and looks after its assets. The role includes:

- planning and policy making;
- making decisions on the allocation of resources;
- ensuring council is fulfilling its regulatory functions in an appropriate manner;
- adopting a Long Term Plan that sets out how you will meet community expectations and exercise responsible stewardship of the community's assets;
- overseeing the strategic direction of the district, city or region; and
- reviewing the council's performance.

A critical responsibility is to provide good governance. This is summarised in the graphic below prepared by the NZ Institute of Directors.

Good governance balances short-term and long-term responsibilities, and the stewardship of the organisation, as well as the knowledge of external opportunities and challenges.

Exercising your representation role

Te kawae i tō tūranga hei kanohi mō tō takiwā

In your representative role you will be expected to speak on behalf of individuals and organisations in your community, and this may include people who didn't vote for you. You won't be able to please all of the people all of the time, but you must still represent their views, even though you may vote differently at the council table. As an elected member you swear an oath to act in the best interests of the district or region as a whole, or for a board member, your community. This is because you will often be making decisions that take into account the wider context and the needs of future generations.

Representing citizens in your community goes beyond simply being an advocate. It involves forming relationships, consulting with and empowering groups and organisations. Being a good communicator and listening to people is clearly important. This role involves:

- representing the interests of the residents and ratepayers;
- networking and communicating with local residents;
- providing leadership and guidance to the community;
- facilitating communication between the council and the community; and
- promoting the overall interests of the council to external stakeholders.

Putting the needs of the district, city or region first

Te tino aro ki ngā hiahia me ngā pānga o te takiwā, o te tāone nui me te rohe

Elected members must act in the interest of the whole district, city, region or community in which they have been elected, not just a particular ward or constituency. This is reinforced by the oath that you will have to agree to shortly after being elected:

"I, [full name of mayor, councillor or board member], declare that I will faithfully and impartially, and according to the best of my skill and judgment, execute and perform, in the best interests of [name of region, district, city, local or community board], the powers, authorities, and duties vested in or imposed upon me as a member of the [name of local authority] by virtue of the LGA 2002, the Local Government Official Information and Meetings Act 1987 (LGOIMA), or any other Act."

The oath identifies the need for elected members to use their best skills and judgment and to perform in the best interests of the whole community, not just the ward, constituency or electoral subdivision from which they were elected. Successful elected members balance their responsibility to raise issues affecting their wards, constituencies or electoral subdivisions with their responsibility to make decisions on behalf of the interests of the whole community, including future generations.
