

Taupō District Council
Taupō Ward
Electing 7 Councillors

Anna PARK

My principal place of residence is in the Taupō Ward area.

I'm passionate and proud of our District. I'm committed to the safety of our communities, the protection of our natural environment, and the intergenerational processes of council in this

modern day.

I'm a strong advocate for enhancing facilities; economic development; improved transportation including walking and cycling; water quality and infrastructure.

You can trust me to listen, act and always in the best interests of Taupō. I'm a third-term councillor with a family and a near perfect 100% attendance record.

I'm excited Council has secured the 2020 Global 70.3 Ironman event, and can't wait to see the prosperity this event will be to us all! I will also strongly advocate for a rebuild of a social services and youth hub in place of Waiora House.

I'm a team player with a strong, independent voice that supports thriving communities, always with honesty and accountability. Positive and well informed, vote PARK.
