

Taupō District Council  
Turangi-Tongariro Ward  
Electing 2 Councillors

---

**Tangonui KINGI**

Love Turangi

My principal place of residence is in the Turangi-Tongariro Ward area.

We need to do more. During the past three years as one of your local ward Councillors our community has faced some major challenges, providing a steep but valuable learning curve. If re-elected, I will work resolutely with our Community Board, fellow ward councillors and other stakeholders to ensure that we don't repeat the same mistakes and more importantly try to find a clear pathway forward because our community deserves this. Our Council also needs to reassess its financial priorities, because there is so much to do around the district and especially at our end of the lake. Finally, we need to empower our smaller communities to play a bigger role, and to further enhance our presence on the national and world stage. I would be honoured to serve and represent our community for another three years
