

Taupō District Council
Taupō Ward
Electing 7 Councillors

Christine RANKIN

Independent

My principal place of residence is in the Taupō Ward area. I am also standing for Mayor.

Your vote has never mattered more.

This district faces major challenges in the next few years and it needs a strong articulate courageous leader and that is what I offer.

Leadership is my skill and passion but you can never do it alone so building a team is vital.

I have substantial local government and governance experience both in Taupō and previously Auckland.

I am adamantly opposed to Three Waters.

We also face Local Government reform and this must be led and managed so Taupō is not left in the dust.

Communication with everyone must be enhanced and I know how to do it.

I am energised and I have a great capacity for work and I absolutely love and I am committed to the Taupō District.

I have grown, developed and changed during my career and I want to apply my skills and experience to this district.
