

Taupō District Council  
Taupō Ward  
Electing 7 Councillors

---

---

**Jane ARNOTT**

Working honestly and answerable to you

My principal place of residence is in the Taupō Ward area.

My Taupō links date back to the 70's. I've represented and advocated in the community for elderly/disabled, dog owners and users of reserves and roads.

I will bring values and critical thinking to the challenges Taupō faces in acknowledging all peoples, business and community. My focus will be promoting common ground and compromise along with asking commercially and ethically tough questions. Too often Council has overlooked local voice, making unpopular decisions because they can. I worry common sense is missing. Governance and leadership is needed.

I am a former CEO, executive director and marketing principal across engineering, forestry/wood processing, health and conservation. I also have experience as co-founder/manager of a retail business.

Currently as Director of The Ethics Conversation I provide business and professional ethics workshops/consultancy to listed companies, professional, trade and sports bodies. In 2021 I became a Member of the NZ Order of Merit.
