**Submitted On:** 03/04/2024 04:53 p.m.

### NOTES TO SUBMITTER:

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

You must serve a copy of your submission on the applicant as soon as is reasonably practicable after you have served your submission on the consent authority.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least 1 of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

All submissions (including name and contact details) are published and made available to the public from our offices and on our website. ## Submission

**The specific parts of the application that my submission relates to are:** The proposed earthworks, roading and residential lots (specifically those lots less than those required for the Kinloch Low Density Environment) and also the provisions in relation to building coverage, plot ratio and setback.

**My submission is:** Neutral regarding the application or specific parts of it

**Please detail the reasons for making your submission:** Lot 1 is owned by our (Sheridan) Family Trust and therefore this proposal affects us extensively. We are in discussions with Seven Oaks Developers and Cheal and are working towards an amicable and mutually beneficial outcome, now and across the entirety of the proposed development. To date when we have pointed out areas of concern, we have generally felt that they are open to our opinions and willing to compromise when needed. However I do have concerns over the proposed large number of new residences and the potential pressure this would place on the existing infrastructure and facilities in Kinloch.

Alternatively, please upload document detailing the reasons for making your submission:

**I seek the following decision from the Taupō District Council:** Please decide with great care whether this proposed development is in the best interests of Kinloch.

**Do you wish to attend the hearing?** No

**Delegation of functions, powers and duties:**

I do not request, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to 1 or more hearings commissioners who are not members of the local authority.
