

Taupō District Council
Taupō Ward
Electing 7 Councillors

Chris MERCER

Be Heard, Let's Do Better Together

My principal place of residence is in the Taupō Ward area.

It's time for a new generation of council. One where we proactively engage with the community at all times, and not just when we have to.

Having grown up in rural Taupō and since lived in cities across NZ, Taupō has always been home. As a life-long local, business owner and ambulance volunteer, I have been able to see firsthand many of the challenges and opportunities that face our community. From social development, to roading and public safety, we have a long list of challenges to overcome as our town continues to grow. Our town's best days are ahead of it but we need a fresh perspective with long-term vision and accountability to ensure we don't just grow but thrive.

I look forward to an opportunity to represent Taupō as one of your councillors and be a truly inclusive and engaged voice for the community.
