

Taupō District Council
Taupō Ward
Electing 7 Councillors

Craig GREENWOOD

My principal place of residence is in the Taupō Ward area.

I have lived in Taupō for over 30 years. My passion for my family, our community, and my time running a successful tourism business drives my interest to run for council. With experience in farming, manufacturing, sales, real-estate, and waste removal industries, I turned a passion for race car driving into a career and tourism business which has operated in Taupō since 1992. As a qualified director, and member of the Institute of Directors New Zealand and Taupō Chamber of Commerce, I bring leadership and practical thinking to decision making. I have learnt the importance of solid governance and am known as someone who gets things done. Vote me as councillor to use my common-sense approach to understand, analyse, and resolve issues and challenges, and ensure council is held accountable. Let's continue to grow in a sustainable way so we can keep enjoying the natural beauty of Taupō.
