

Taupō District Council
Taupō Ward
Electing 7 Councillors

Aladdin AL-BUSTANJI

My principal place of residence is in the Taupō Ward area.

I have lived in Taupō since 2009 and established a small business 2014 to 2020 and I know first hand the challenges that face local businesses.

Currently I serve the community as a corrections officer.

I have a good understanding of local government and the impact of Council's decisions on the lives of local people and our environment.

Such decisions must come from a deep understanding of people's thoughts, hopes and aspirations.

A councillor's job is to be available, to listen and then to take your ideas to the meeting table, not just to ask your opinion on decisions made behind closed doors.

I'm asking you to vote for me to start a new era together, where the relationship between Council and ratepayers is based on continuous communication and transparency.

I am a team player and I get things done.
